## ABOUT CAMANO ISLAND COFFEE

---

The coffee you're about to enjoy is fair trade, organic, shade-grown coffee that is harvested by farmers who are paid a living wage in order to provide food, clothing, shelter, and an education for their children.

Every time you purchase coffee through Camano Island (using the "Set Free" link below) 10% of your purchase supports anti-trafficking work through the Set Free Movement. It's a great way to make your purchase your advocacy!
